The Solarpunk Coloring Book Mar 19 2022 The Solarpunk Coloring Book is a comic book for adults that you color for yourself, a science-fiction 3D graphic novel. It contains over 100 pages (8.5x11") to color, and 30 images are stereoscopic 3D which can be viewed without 3D glasses. Chapter 1 explains several ways to view the 3D images before and after you color them. Following chapters tell five adult stories of couples in the near and distant future full of romance, adventure, and wonder. The Millennial generation and beyond learn to live with changing climates, scarce resources, no job security and no fossil fuels. All they have is their education, the sun, wind, and sea, the latest technology, and perhaps an army of helper robots. It is a book of future fiction; or is it future fact?

*Anatomy to Color and Study Head and Neck 3rd Edition* Apr 27 2020 This classic coloring book presents an enjoyable and interactive method to enhance your learning and retention of anatomic knowledge. By coloring and labeling key structures in a "color by numbers" fashion, you will gain a wide working knowledge of gross anatomy and reinforce that knowledge through the coloring and labeling process. Created by Ray Poritsky, PhD, who is both a prominent anatomist and a renowned medical illustrator. Dr. Poritsky sprinkles the book with etymological cartoons providing a humorous and memorable look at the roots of origins of anatomic terms. For students of anatomy at all levels, *Anatomy to Color and Study* is simply one of the most effective, unique, and fun ways to study and understand human anatomy.

*Step-by-Step -Grades 5-6 (eBook)* Apr 20 2022 Expand students reading and vocabulary skills as well as their listening skills as they follow directions, step-by-step, to solve word problems and make creative, seasonal art projects. The results may be surprising, even to the students! The activities are organized by seasons and include major holidays and special days as well as fun topics such as sports and vacation.
