**The Oxford Handbook of Tudor Literature** Jan 22 2022 This is the first major collection of essays to look at the literature of the entire Tudor period, from the reign of Henry VII to death of Elizabeth I. It pays particularly attention to the years before 1580. Those decades saw, amongst other things, the establishment of print culture and growth of a reading public; the various phases of the English Reformation and process of political centralization that enabled and accompanied them; the increasing emulation of Continental and classical literatures under the influence of humanism; the self-conscious emergence of English as a literary language and determined creation of a native literary canon; the

beginnings of English empire and the consolidation of a sense of nationhood. However, study of Tudor literature prior to 1580 is not only of worth as a context, or foundation, for an Elizabethan 'golden age'. As this much-needed volume will show, it is also of artistic, intellectual, and cultural merit in its own right. Written by experts from Europe, North America, and the United Kingdom, the forty-five chapters in The Oxford Handbook to Tudor Literature recover some of the distinctive voices of sixteenth-century writing, its energy, variety, and inventiveness. As well as essays on well-known writers, such as Philip Sidney or Thomas Wyatt, the volume contains the first extensive treatment in print of some of the Tudor era's most original voices.

Nothing has changed in the years since I last saw Mira. Her tempting body and smart mouth taunt me daily. The only hope I have at keeping my sanity is the knowledge that Mira is hiding something. Sooner or later I'll discover her secret, and knowing her, it'll be damning. But first, I have to ignore the urge to kiss and touch and make Mira mine again. --EXCERPT-- I grab her waist, guiding her back against the shelves. She kisses my cheekbone, nibbles my earlobe. **Contemporary Masculinities in the UK and the US** Oct 31 2022 This book is about ways to understand masculinity as systemic and corporeal, structural and performative all at once. It argues that the tension between an understanding of “masculinity” in the singular and “masculinities” in the plural poses a problem that can better be understood in relation to a concomitant tension: between systems on the one hand, and bodies on the other - between abstract structures such as patriarchy, kinship or even language, and the various concrete forms taken by gendered, individuated corporeality. The contributions collected here investigate how masculinities become apparent, how they take

shape and what systemic functions they have. What, they ask, are the relations between the abstract and corporeal, metaphorical and metonymic manifestations of masculinity? How are we to understand masculinity as a simultaneously systemic and corporeal, performative concept?

*Ming Tea Murder* Feb 20 2022 It's scones and scandal for Indigo Tea Shop owner Theodosia Browning in the latest from the New York Times bestselling author of *Steeped in Evil...* Normally Theodosia wouldn't attend a black tie affair for all the tea in China. But she can hardly say no to her hunky, handsome boyfriend, Max, who directs public relations for the Gibbes Museum in Charleston. Max has organized an amazing gala opening for an exhibit of a genuine eighteenth century Chinese teahouse, and the crème de la crème of Charleston society is invited. In the exotic garden staged in the museum's rotunda, a Chinese dragon dances to the beat of drums as it weaves through the crowd. The guests are serenaded by a Chinese violin as they sample an assortment of tempting bites. And to give them a memento of the occasion, there's even a photo booth. But Theodosia makes a grim discovery behind the booth's curtains: the body of museum donor Edgar Webster. While Theodosia prefers tea service over the service of justice, this case is difficult to ignore—especially after Max becomes a suspect. Now she must examine the life of the fallen philanthropist and find out who really wanted him to pay up... INCLUDES DELICIOUS RECIPES AND TEA TIME TIPS!

**Extreme Economies** Nov 19 2021 \*Winner of the Enlightened Economist Prize 2019\* \*Winner of Debut Writer of the Year at the Edward Stanford Travel Writing Awards 2020\* \*Longlisted for the Financial Times & McKinsey Business Book of the Year Award 2019\* 'Extreme Economies is a revelation - and a must-read.' Andy Haldane, Chief Economist at the Bank of England To understand how humans react and adapt to economic change we need to study people who live in harsh environments. From death-row prisoners trading in institutions where money is banned to flourishing entrepreneurs in the world's largest refugee camp, from the unrealised potential of cities like Kinshasa to the hyper-modern economy of Estonia, every life in this book has been hit by a seismic shock, violently broken or changed in some way. In his quest for a purer view of how economies succeed and fail,

Richard Davies takes the reader off the beaten path to places where part of the economy has been repressed, removed, destroyed or turbocharged. He tells the personal stories of humans living in these extreme situations, and of the financial infrastructure they create. Far from the familiar stock reports, housing crises, or banking scandals of the financial pages, *Extreme Economies* reveals the importance of human and social capital, and in so doing tells small stories that shed light on today's biggest economic questions. 'A highly original approach to understanding what really makes economies tick.' Mervyn King, former Governor of the Bank of England
