The Song of Songs in English Renaissance Literature Dec 06 2020 Many English Renaissance texts offer readings of the Song of Songs, by both well-known authors, such as Shakespeare, and the long neglected (William Baldwin, Robert Aylett, Abiezer Coppe and Lawrence Clarkson). This new study looks at the different traditions they represent, and most notably the balance in the tension of the Song of Songs as oral and written, carnal and spiritual. The introduction presents a historical and theoretical discussion of Canticles, using a Rabbinic model for juxtaposing orality and textuality; the author goes on to argue that from the time of ancient Sumer through medieval England motifs found in the Song of Songs are simultaneously sexual and spiritual just as they are likewise oral and textual. By attempting to recover oral approaches to any text, we encounter a series of forces that act to balance an open, oral, and sexual understanding of the erotic biblical text against a more closed, textual and spiritual reading. This balance is then traced through works by Baldwin, Spenser, Aylett, Coppe, Clarkson and Milton. NOAM FLINKER is currently Chairperson at the Department of English, University of Haifa. Dave Barry's Book of Bad Songs Jul 01 2020 When funnyman Dave Barry asked readers about their least favorite tunes, he thought he was penning just another installment of his weekly syndicated humor column. But the witty writer was flabbergasted by the response when over 10,000 readers voted. "I have never written a column that got a bigger response than the one announcing the Bad Song Survey," Barry wrote. Based on the results of the survey, Dave Barry's Book of Bad Songs is a compilation of some of the worst songs ever written. Dave Barry fans will relish his quirky take. Music buffs, too will appreciate this humorous stroll through the world's worst lyrics. The only thing wrong with this book is that readers will find themselves unable to stop mentally singing the greatest hits of Gary Puckett.

The Complete Songs of Hugo Wolf Feb 26 2020 The Complete Songs of Hugo Wolf gathers together for the first time every poem Wolf set to music. Alongside the original German texts are translations by leading Lieder expert Richard Stokes, who also provides illuminating commentary. The 36 poets set by Wolf are each given their own chapter: a brief essay on the poet is followed by a note on Wolf's connection with the writer, extracts from letters that throw light on the Songs and convey his mood at the time of composition, and the texts and translations. Short biographies of all Wolf's correspondents flesh out the extraordinary life of this genius. This will be an indispensable volume for all lovers of Lieder.

Chinese Folk Songs and Folk Singers Oct 04 2020 Introduction to shan'ge, the most popular type of rural Chinese folk song, and to the master performers, the 'kings' and 'queens' of this genre. A major focus of this study is monothematism: the existence of 'one-tune' folk song areas, where singers perform the bulk of their lyrics to a single tune or to two or three closely related tune forms. Monothematism is examined here in relation to tune variation, processes of remembering, and mechanisms of oral transmission.

Songs of Central Australia Apr 22 2022 This is Strehlow's most widely regarded work and the culmination of his anthropological work related to the Aranda (Arunta) people of the Alice Springs region. In this work Strehlow records the patrilineal chants or songs of the Aranda people and puts them into a wider context of totemic cultural understanding. Of particular interest is Chapter 10, the love songs of the Aranda people, which pre-date European romantic conventions by several thousand years.

Songs 1896-1914 Nov 17 2021 As a young composer in the years preceding World War I, Maurice Ravel brought to the art of the song that distinctive fusion of classicism and the modern spirit that characterized all his musical works and helped earn him a reputation as one of the most important modern French song composers. This superb collection includes many of his most admired and performed songs and song cycles, edited and introduced by Arbie Orenstein, the world's leading Ravel scholar, and eloquently displays the artistry that has made Ravel a favorite of 20th-century singers and their audiences. Many of the songs are settings of texts by such major poets as Paul Verlaine and Stephane Mallarme. Reprinted here from authoritative French editions and provided with new English translations of the original French texts, they include: Sainte; Epigrammes de Clement Marot; Manteau de fleurs; Sheherazade; Cinq Melodies populaires greques; Noel des jouets; Histories naturelles; Vocalise-Etude en forme de Hababera; Les Grands Vents venus d'outremer; Sur l'herbe; Chants popularizes; Trois Poemes de Stephane Mallarme; and Deux Melodies hebra gues."
