The Cross-Cultural Communication Trainer's Manual Aug 26 2022 The global market means that many organizations now have offices, affiliates, suppliers, call centres, clients and customers in a wide range of countries and cultures. Employees at a variety of levels are expected to have as good skills in cross-cultural working as in any other key competency. The Cross-Cultural Communication Trainer's Manual provides a complete toolkit for the trainer/facilitator needing to design and deliver cross- or inter-cultural training, for both mono- and multicultural audiences. Volume One: Designing Cross-Cultural Training The first volume in this two-volume set opens with an outline of useful information on cross-cultural training content, design and delivery. This is followed by a series of readings that flesh out many of the concepts important for trainers and learners alike and provide important facts, theory and practical background on an area in question. They can be used as a basis for facilitator presentations or given to learners as reading exercises. The manual concludes with (1) a series of action planning activities to help consolidate what learners have experienced and (2) evaluation forms for assessing and evaluating the effectiveness of any cross-cultural training events. The Appendix offers outline designs for seven half-day, one-day and two-day workshops using activities from Volume Two: Activities for Cross-Cultural Training along with a detailed bibliography. Volume Two: Activities for Cross-Cultural Training With 80 activities (covering skills such as understanding culture and differences, stereotypes, cultural self-awareness, cultural influences, barriers to communication) this varied and imaginative collection is a must-have resource for anyone involved in cross- or inter-cultural training. The collection concludes with a detailed bibliography of further reading and references.

Beat the Odds Survival Manual Nov 17 2021 In this action-oriented book, a survival expert walks you through what to do in dozens of scary situations, from riding out a tsunami to surviving the fall of civilization. Fast-paced and remarkably practical, this latest book from best-selling survival expert Tim MacWelch breaks down the odds of your facing dozens of scary situations, from the fairly likely (getting lost in the woods or mugged on the mean streets, for example) to the unlikely but terrifying (being hit by an asteroid, attacked by zombies, or other sci-fi-worthy scenarios)—and provides concrete, doable strategies for how to improve your odds of survival. Each danger is rated with handy graphics that give an-at-a-glance idea as to how likely it is to befall you, how much you should worry about it happening, and how possible it is to increase your odds of survival. And then, in the pages that follow, he gives practical, step-by-step instructions, tutorials, and hints to help you beat the odds and live to tell the tale.
