All About Love Nov 05 2022 A New York Times bestseller and enduring classic, All About Love is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. All About Love reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in All About Love. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of

the “100 Visionaries Who Can Change Your Life.” All About Love is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

In Love Dec 14 2020 NEW YORK TIMES BESTSELLER • A powerful memoir of a love that leads two people to find a courageous way to part—and a woman's struggle to go forward in the face of loss—that “enriches the reader's life with urgency and gratitude” (The Washington Post) “A pleasure to read . . . Rarely has a memoir about death been so full of life. . . . Bloom has a talent for mixing the prosaic and profound, the slapstick and the serious.”—USA Today ONE OF THE BEST BOOKS OF THE YEAR: NPR Amy Bloom began to notice changes in her husband, Brian: He retired early from a new job he loved; he withdrew from close friendships; he talked mostly about the past. Suddenly, it

seemed there was a glass wall between them, and their long walks and talks stopped. Their world was altered forever when an MRI confirmed what they could no longer ignore: Brian had Alzheimer's disease. Forced to confront the truth of the diagnosis and its impact on the future he had envisioned, Brian was determined to die on his feet, not live on his knees. Supporting each other in their last journey together, Brian and Amy made the unimaginably difficult and painful decision to go to Dignitas, an organization based in Switzerland that empowers a person to end their own life with dignity and peace. In this heartbreaking and surprising memoir, Bloom sheds light on a part of life we so often shy away from discussing—its ending. Written in Bloom's captivating, insightful voice and with her trademark wit and candor, *In Love* is an unforgettable portrait of a beautiful marriage, and a boundary-defying love.

Wired for Love Dec 02 2019 "What the heck is my partner thinking?" is a common refrain in romantic relationships, and with good reason. Every person is wired for love differently, with different habits, needs, and reactions to conflict. The good news is that most people's minds work in predictable ways and respond well to security, attachment, and rituals, making it possible to actually neurologically prime the brain for greater love and fewer conflicts. *Wired for Love* is a complete insider's guide to understanding a partner's brain and promoting love and trust within a romantic relationship. Readers learn ten scientific principles they can use to avoid triggering fear and panic in their partners, manage their partners' emotional reactions when they do become upset, and recognize when the brain's threat response is hindering their ability to act in a loving way. By learning to use simple gestures and words, readers can learn to put out emotional fires and help their partners feel more safe and secure. The no-fault view of conflict in this book encourages readers to move past a ""warring brain"" mentality and toward a more cooperative ""loving brain"" understanding of the

relationship. Based in the sound science of neurobiology, attachment theory, and emotion regulation research, this book is essential reading for couples and others interested in understanding the complex dynamics at work behind love and trust in intimate relationships.

Love Jul 09 2020 This unique, timely book of original essays sets the stage for a new materialist feminist debate on the analysis, ethics and politics of love. The contributors raise questions about social power and domination, situating their research in a materialist feminist perspective that investigates love historically, in order to understand changing ideologies, representations and practices. The essays range from studies of particular representations and examples of love - feminist translation,

mass media images and internet love blogs - to feminist theories of love and marriage, to ethical and political theories describing, critiquing or advocating the use of love in groups as a radical force. They break new ground in bringing together questions of gendered interests in love, temporal dimensions of loving practices and the politics of love in radical transformations of society.

With Love from the Inside Sep 10 2020 Angela Pisel's poignant debut explores the complex relationship between a mother and a daughter, and their quest to discover the truth and whether or not love can prevail—even from behind bars. Grace Bradshaw knows the exact minute she will die. On death row for murdering her infant son, her last breath will be taken on February 15 at 12:01 a.m. Eleven years, five months, and twenty-seven days separate her from the last time she heard her precious daughter's voice and the final moment she'd heard anyone call her Mom. Out of appeals, she

can focus on only one thing—reconnecting with her daughter and making sure she knows the truth. Secrets lurk behind Sophie Logan’s big house and even bigger bank account. Every day when she kisses her husband good-bye, she worries her fabricated life is about to come crumbling down. No one knows the unforgivable things her mother did to tear her family apart—not her husband, who is a prominent plastic surgeon, or her “synthetic” friends who live in her upscale neighborhood. Grace’s looming execution date forces Sophie to revisit the traumatic events that haunted her childhood. When she returns to her hometown, she discovers new evidence about her baby brother William’s death seventeen years ago—proof that might set her mother free but shatter her marriage forever. Sophie must quickly decide if her mother is the monster the prosecutor made her out to be or the loving mother she remembers—the one who painted her toenails glittery pink and plastered Post-it notes with inspiring quotes (“100 percent failure rate if you don't try”) all over Sophie’s bathroom mirror—before their time runs out.

For the Love International Edition Sep 03 2022 The majority of our joys, struggles, thrills, and heartbreaks relate to people, beginning first with ourselves and then the people we came from, married, birthed, live by, live for, go to church with, don't like, don't understand, fear, struggle with, compare ourselves to, and judge. People are the best and worst thing about human life. Jen Hatmaker knows this all too well, and so she reveals how to practice kindness, grace, truthfulness, vision, and love to ourselves and those around us. By doing this, 'For the Love' leads our generation to reimagine Jesus' grace as a way of life, and it does it in a funny yet profound manner that Christian readers will love. Along the way, Hatmaker shows readers how to reclaim their prophetic voices and become Good News again to a hurting, polarized world.

The Four Loves Sep 30 2019 A repackaged edition of the revered author's classic work that examines

the four types of human love: affection, friendship, erotic love, and the love of God—part of the C. S. Lewis Signature Classics series. C.S. Lewis—the great British writer, scholar, lay theologian, broadcaster, Christian apologist, and bestselling author of *Mere Christianity*, *The Screwtape Letters*, *The Great Divorce*, *The Chronicles of Narnia*, and many other beloved classics—contemplates the essence of love and how it works in our daily lives in one of his most famous works of nonfiction. Lewis examines four varieties of human love: affection, the most basic form; friendship, the rarest and perhaps most insightful; Eros, passionate love; charity, the greatest and least selfish. Throughout this compassionate and reasoned study, he encourages readers to open themselves to all forms of love—the key to understanding that brings us closer to God.

For Love of Country Oct 31 2019 A celebration of the extraordinary courage, dedication, and sacrifice of this generation of American veterans on the battlefield and their equally valuable contributions on the home front. Because so few of us now serve in the military, our men and women in uniform have become strangers to us. We stand up at athletic events to honor them, but we hardly know their true measure. Here, Starbucks CEO and longtime veterans' advocate Howard Schultz and National Book Award finalist Rajiv Chandrasekaran of *The Washington Post* offer an enlightening, inspiring corrective. The authors honor acts of uncommon valor in Iraq and Afghanistan, including an Army sergeant who repeatedly runs through a storm of gunfire to save the lives of his wounded comrades; two Marines who sacrifice their lives to halt an oncoming truck bomb and protect thirty-

three of their brothers in arms; a sixty-year-old doctor who joins the Navy to honor his fallen son. We also see how veterans make vital contributions once they return home, drawing on their leadership skills and commitment to service: former soldiers who aid residents in rebuilding after natural disasters; a former infantry officer who trades in a Pentagon job to teach in an inner-city neighborhood; a retired general leading efforts to improve treatments for brain-injured troops; the spouse of a severely injured soldier assisting families in similar positions. These powerful, unforgettable stories demonstrate just how indebted we are to those who protect us and what they have to offer our nation when their military service is done.

How to Love Your Wife Jul 29 2019 Some people have suggested that a successful marriage requires tremendous insight to understand and super-human effort to achieve. Others contend that happy marriages are the purview of a lucky few. In this ground-breaking book, *How To Love Your Wife*, Dr. John Buri makes it clear he doesn't agree: thriving marriages can actually be achieved through sensible effort by reasonable people. But because the majority of marriages in this country consist of unions in which wives are more heavily invested in marital success than are their husbands, much of this sensible effort by reasonable people needs to be consistently initiated and maintained by men. In fact, men often hold the keys to bringing about the type of loving marriage they had hoped for when they first said "I do." In *How To Love Your Wife*, Dr. Buri makes these keys clear, understandable, and accessible.

A Word for Love Oct 12 2020 "A paean to unabashed, unbridled love." --Khaled Hosseini, New York Times-bestselling author of *The Kite Runner* A mesmerizing debut set in Syria on the cusp of the unrest, *A Word for Love* is the spare and exquisitely told story of a young American woman transformed by language, risk, war, and a startling new understanding of love. It is said there are ninety-nine Arabic words for love. Bea, an American exchange student, has learned them all: in search of deep feeling, she travels to a Middle Eastern country known to hold the "The Astonishing Text," an ancient, original manuscript of a famous Arabic love story that is said to move its best readers to tears. But once in this foreign country, Bea finds that instead of intensely reading Arabic she is entwined in her host family's complicated lives--as they lock the doors, and whisper anxiously about impending revolution. And suddenly, instead of the ancient love story she sought, it is her daily witness of a contemporary Romeo and Juliet-like romance--between a housemaid and policeman of different cultural and political backgrounds--that astonishes her, changes her, and makes her weep. But as the country drifts toward explosive unrest, Bea wonders how many secrets she can keep, and how long she can fight for a romance that does not belong to her. Ultimately, in a striking twist, Bea's own story begins to mirror that of "The Astonishing Text" that drew her there in the first place--not in the role of one of the lovers, as she might once have imagined, but as the character who lives to tell the story long

after the lovers have gone. With melodic meditation on culture, language, and familial devotion. Robbins delivers a powerful novel that questions what it means to love from afar, to be an outsider within a love story, and to take someone else's passion and cradle it until it becomes your own.

From Hollywood with Love Jun 27 2019 An in-depth celebration of the romantic comedy's modern golden era and its role in our culture, tracking the genre from its heyday in the '80s and the '90s, its unfortunate decline in the 2000s, and its explosive reemergence in the age of streaming, featuring exclusive interviews with the directors, writers, and stars of the iconic films that defined the genre. No Hollywood genre has been more misunderstood--or more unfairly under-appreciated--than the romantic comedy. Funny, charming, and reliably crowd-pleasing, rom-coms were the essential backbone of the Hollywood landscape, launching the careers of many of Hollywood's most talented actors and filmmakers, such as Julia Roberts and Matthew McConaughey, and providing many of the yet limited creative opportunities women had in Hollywood. But despite--or perhaps because of--all that, the rom-com has routinely been overlooked by the Academy Awards or snobbishly dismissed by critics. In *From Hollywood with Love*, culture writer and GQ contributor Scott Meslow seeks to right this wrong, celebrating and analyzing rom-coms with the appreciative, insightful critical lens they've always deserved. Beginning with the golden era of the romantic comedy--spanning from the late '80s to the mid-'00s with the breakthrough of films such as *When Harry Met Sally*--to the rise of streaming and the long-overdue push for diversity setting the course for films such as the groundbreaking, franchise-spawning *Crazy Rich Asians*, Meslow examines the evolution of the genre through its many

iterations, from its establishment of new tropes, the Austen and Shakespeare rewrites, the many love triangles, and even the occasional brave decision to do away with the happily ever after. Featuring original black-and-white sketches of iconic movie scenes and exclusive interviews with the actors and filmmakers behind our most beloved rom-coms, *From Hollywood with Love* constructs oral histories of our most celebrated romantic comedies, for an informed and entertaining look at Hollywood's beloved yet most under-appreciated genre.

Love + Work Jan 27 2022 Love has been driven out of our workplaces. How do we get it back in? We're in the middle of an epidemic of stress and anxiety. A global pandemic has wreaked havoc on our lives. Average life expectancy in the United States is down. At work, less than 16 percent of us are fully engaged. In many high-stress jobs, such as distribution centers, emergency room nursing, and teaching, incidences of PTSD are higher than for soldiers returning from war zones. We're getting something terribly wrong. We've designed the love out of our workplaces, and our schools too, so that they fail utterly to provide for or capitalize on one of our most basic human needs: our need for love. As Marcus Buckingham shows in this eye-opening, uplifting book, love is an energy, and like all forms of energy, it must flow. It demands expression—and that expression is "work." Whether in our professional accomplishments, our relationships, or our response to all the many slings and arrows of life, we know that none of this work will be our best unless it is made with love. There's no learning without love, no innovation, no service, no sustainable growth. Love and work are inextricable. Buckingham first starkly highlights the contours of our loveless work lives and explains how we got here. Next, he relates how we all develop best in response to other human beings. What does a great work relationship look like when the other person is tuned to your loves? What does a great team look like when each member is primed to be a mirror, an amplifier, of the loves of another? Finally, he

shows how you can weave love back into the world of work as a force for good, how you can use your daily life routines to pinpoint your specific loves, and how you can make this a discipline for the rest of your life. Today, too often, love comes last at work, and we are living the painful consequences of this. Love + Work powerfully shows why love must come first—and how we can make this happen.

To her friends, high school senior Liza Yang is nearly perfect. Smart, kind, and pretty, she dreams big and never shies away from a challenge. But to her mom, Liza is anything but. Compared to her older sister Jeannie, Liza is stubborn, rebellious, and worst of all, determined to push back against all of Mrs. Yang's traditional values, especially when it comes to dating. The one thing mother and

daughter do agree on is their love of baking. Mrs. Yang is the owner of Houston's popular Yin & Yang Bakery. With college just around the corner, Liza agrees to help out at the bakery's annual junior competition to prove to her mom that she's more than her rebellious tendencies once and for all. And it's not long until she starts sending e-mails and video diaries to his discontinued NASA address. Since they're bouncing back, there's no way anyone will ever be able to see them...right? Christopher Ortiz is readjusting to life on earth and being constantly in the shadow of his deceased older brother. Love from A to Z Apr 29 2022 From William C. Morris Award Finalist S.K. Ali comes an unforgettable romance that is part *The Sun Is Also a Star* mixed with *Anna and the French Kiss*, following two Muslim teens who meet during a spring break trip. A marvel: something you find amazing. Even ordinary-amazing. Like potatoes—because they make French fries happen. Like the perfect fries Adam and his mom used to make together. An oddity: whatever gives you pause. Like the fact that there are hateful people in the world. Like Zayneb's teacher, who won't stop reminding the class how "bad" Muslims are. But Zayneb, the only Muslim in class, isn't bad. She's angry. When she gets suspended for confronting her teacher, and he begins investigating her activist friends, Zayneb heads to her aunt's house in Doha, Qatar, for an early start to spring break. Fueled by the guilt of getting her friends in trouble, she resolves to try out a newer, "nicer" version of herself in a place where no one knows her. Then her path crosses with Adam's. Since he got diagnosed with multiple sclerosis in November, Adam's stopped going to classes, intent, instead, on perfecting the making of things. Intent on keeping the memory of his mom alive for his little sister. Adam's also intent on keeping his diagnosis a secret from his grieving father. Alone, Adam and Zayneb are playing roles for others, keeping their real thoughts locked away in their journals. Until a marvel and an oddity occurs...

Marvel: Adam and Zayneb meeting. Oddity: Adam and Zayneb meeting.

Rabih and Kirsten meet, fall in love, get married. Society tells us this is the end of the story. In fact, it is only the beginning. Over the years this ordinary couple will miscommunicate and misunderstand each other, will worry about money, will have first a girl and then a boy. One of them will have an affair, one will think about it. Both will have doubts. This will be the real love story. Twenty-first century depictions of love and marriage are shaped by a set of Romantic myths and misconceptions. With philosophical insight and psychological acumen, Alain de Botton presents a realistic case study for marriage and examines what it might mean to love, to be loved -- and to stay in love.

For the Love of Learning Jan 03 2020 For parents, teachers, and everyone who remembers being a student, an unforgettable glimpse into the inner workings of school, from a life-long educator. Children spend most of their waking hours in school, exploring boundaries, forming important relationships, and of course, learning. But as you step into the unique vantage of the principal's office,

you experience first-hand the wide range of characters, efforts, and decisions that ensure all students thrive. Kristin Phillips takes us through a school year, from the excitement of fall, through the long days of winter, and into the renewed energy that comes with spring. Through her eyes, we experience the increasingly complex education system: students with unique learning needs, teachers bringing their practice into the 21st century, and the parent-partners who have entrusted their children to the school system. Myles, a precocious five-year-old, introduces himself by swearing a blue streak on the first day of school. He finds solace in a paper box rocket ship in Phillips's office. Rafi, a grade 8 boy oozing with attitude, makes a very uncool choice to lunch with the principal. And Harriet, a struggling teacher, is oblivious to the fact her students are bored to tears. Throughout the story, Phillips develops caring relationships with the people who need her the most, as she works with colleagues to create an environment where everyone succeeds. But principals are people, too, and Phillips also recounts the demands on her as a single mother with three teenagers, one of whom suffers from significant mental health issues. As an educator, she tries to help students coping with similar problems and reveals a heartfelt story of dealing with the system, from both sides. With honesty and compassion, Phillips gives a human face to the joys of school, and the very real difficulties educators work to overcome, one year and one student at a time.
