He looked back upon that frosty, grey November 11th, 1918, morning when he was in Valenciennes, France-the morning the guns fell silent on the Western Front.

When the Horses Came Sep 03 2022 The Trickster's gifts come with a price. A long time ago he gave a new animal to our ancestors, and changed the world... Out of Breath is barely a man when he first dreams of a powerful white animal- a shining giant that runs unseen through the desert as quickly and easily as

water runs through his fingers. His people tell Out of Breath that visions are suspect, and in any case properly had by old men, not by young ones. But he is driven and relentless, and must leave to search the desert himself. When he returns, he is leading a beast who's like no one has ever seen before—a tall, bony creature who says its name is Horse. The people of Red Earth City are afraid of it—all except the beautiful, willful Wants the Moon, who first thinks of riding on its back. Together, Out of Breath and Wants the Moon will prove what the gift of Horse may mean to their people and to the Buffalo Hunters of the Grass. As yet, only Coyote the Trickster wishes that he could undo the danger that has ridden in unwanted and unseen on Horse's sleek back...The Trickster's gifts come with a price. A long time ago he gave a new animal to our ancestors, and changed the world...

Crazy Horse and Custer Mar 17 2021 On June 25, 1876, 611 men of the United States 7th

Cavalry rode towards the banks of the Little Bighorn where three thousand Indians stood waiting for battle. The lives of two great war leaders would soon become forever linked: Crazy Horse, leader of the Oglala Sioux, and General George Armstrong Custer. This masterly dual biography tells the epic story of the lives of these two men: both were fighters of legendary daring, both became honoured leaders in their societies when still astonishingly young, and both died when close to the supreme political heights. Yet they - like the nations they represented - were as different as day and night. Custer had won his spurs in the American Civil War; his watchword was 'To promotion - or death!' and his restless ambition characterized a white nation in search of expansion and progress. Crazy Horse fought for a nomadic way of life fast yielding before the buffalo-hunters and the incursions of the white man. The Great Plains of North America provided the stage - and the prize.

The Killing of Chief Crazy Horse Mar 05 2020 The Killing of Chief Crazy Horse is a story of

envy, greed, and treachery. In the year after the Battle of the Little Big Horn, the great Oglala Sioux chief Crazy Horse and his half-starved followers finally surrendered to the U.S. Army near Camp Robinson, Nebraska. Chiefs who had already surrendered resented the favors he received in doing so. When the army asked for his help rounding up the the Nez Percés, Crazy Horse's reply was allegedly mistranslated by Frank Grouard, a scout for General George Crook. By August rumors had spread that Crazy Horse was planning another uprising. Tension continued to mount, and Crazy Horse was arrested at Fort Robinson on September 5. During a scuffle Crazy Horse was fatally wounded by a bayonet in front of several witnesses. Here the killing of Crazy Horse is viewed from three widely differing perspectives—that of Chief He Dog, the victim's friend and lifelong companion; that of William Garnett, the guide and interpreter for Lieutenant William P. Clark, on special assignment to General Crook; and that of Valentine McGillicuddy, the medical officer who attended Crazy Horse in his last hours. Their eyewitness accounts, edited and introduced by Robert A. Clark, combine to give The Killing of Chief Crazy Horse all the starkness and horror of classical tragedy.

Children of the Horse Jan 15 2021 As descendants of the legendary Horse Bringers, Blue Jay and his bold sister Dances are chosen to journey westward in a quest to find horses. Along with Spotted Colt, son of the chief of the Dry River people, and his friend Mud Turtle, they travel to the Cities-in-the-West, where the

young warriors will encounter a world vastly different from their own. In the cities, people live in boxes year round, while men take more pride in their weaving than in being warriors. And no one wants to talk about the horses. Then a strange group of pale, foreign men make their way among the settlements, asking questions about hidden cities of gold. In their hands are heavy sticks that breathe fire strong enough to kill, and they too have the magic to ride horses -- horses that come from some other source than the Horse Bringers' legacy. With Coyote the trickster for a guide, their mythic adventure will take these children of the plains across the boundary between life and death itself before they are able to confront the danger that threatens to engulf them all.

Computer-Based Horse Race Handicapping and Wagering Systems Oct 24 2021 The Gambler Who Cracked the Horse-Racing Code Bill Benter did the impossible: He wrote an algorithm that couldn't lose at the track. Close to a billion dollars later, he tells his system.

This book examines the elements necessary for a practical and successful computerized horse race handicapping and wagering system. Data requirements, handicapping model development, wagering strategy, and feasibility are addressed. A logit-based technique and a corresponding heuristic measure of improvement are described for combining a fundamental handicapping model with the public's implied probability estimates. The author reports significant positive results in five years of actual implementation of such a system. This result can be interpreted as evidence of inefficiency in pari-mutuel racetrack wagering. This paper aims to emphasize those aspects of computer handicapping which the author has found most important in practical application of such a system. Also included the Bill Benter "What Are My Odds?" Presentation at ICCM in 2004.
