Exhibit A Dec 26 2021 Guy Bourdin, who died in 1991, was a legend in the world of fashion photography. He was the most radical and audacious photographer of his generation but his reputation has been surrounded in secrecy - he rarely allowed his photographs to appear outside the pages of French Vogue. No book of his work has previously been published. His estate was frozen by the courts until 1997, after which his son, Samuel, gained control of his work as a result of which this long-awaited book can be published. Bourdin was originally a painter and a friend of Man Ray. His fashion photographs began to incorporate his surrealist influences. Fashion photography became an arena for his personal obsessions. The results are as shocking and astonishing as any commercial photograph ever published. They were executed meticulously. Despite his intense eroticism, subversion and, as Cecil Beaton described, 'his

grotesque little gamines', Beaton referred to him in 1975 as 'unquestionably the most interesting fashion photographer in Paris today'. His work was said to have represented 'the look of an era -glamorous, hard-edged, cleverly spiced with vulgarity... rich with implied narratives and strong erotic undercurrents'

From Costa Rica to Los Angeles and across the continent, Quesada's poems chronicle one family's history: from the courtship of his parents to their separation, from his childhood struggles to awakening desire from his mother's lottery winnings to his own personal losses, Ruben Quesada carries us toward 'that seam in space' where dream and experience intersect. The Touch Jan 15 2021 "Fear Not my dear, Fear not of me Fear Not for fear shall not help thee The time is short, my plans are made Your casket shall be trimmed with jade." Thus begins Aurore Leigh Barrett's poem, "Fear Not" an homage to one of her favorite poets, Edgar Allan Poe. It masterfully combines the macabre with the humorous. This stellar work, which Poe, no doubt, would wish he had written, is just one of a few poems in this current collection written in his honor and one of many poems you will find that ably represent Barrett's enormous talent. This collection of poems and stories by Aurore Leigh Barrett invites you to step into the world of this creative artist, and sample the breadth and depth of her literary world. Rather than being an exhaustive representation of a solitary style or mood, this book is a buffet of delights as it takes you from the lows of her loneliness to the heights of her happiness - from the dark and scary side of her imagination to the forthright and intelligent adventures of her alter-ego, Holly Hedges Whistler. Through it all, we share in her view of the world, and the way she makes the most of every day this life has to offer. In "Stardust", Barrett tells how she begins each day - throwing a spoonful of stardust into the wind. "The Stardust flies, the light sparkles, the grass begins to twinkle as the blades catch each falling star", and the flowers bow their heads as if to receive this glistening gift. As Barrett lays bare her feelings, she tells us that writing is "a beautiful sweet torture of the soul". She tells us that "writing is the pain of pulling away precious bits of memory or time. It is the quickening of birth within the loins of creation. It is the delicious ecstasy of desire that only I can satisfy." Welcome to her world. This all-too-brief collection of Aurore Leigh Barrett's writing will leave you hungry for more.

Blueprint for Black Power Jan 27 2022 Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality.
